\*You can subscribe to internet or telephone service without subscribing to video service; however, Triple Play, Bundled Services are the best value. All fees are shown without tax & government required charges. If you already have any ECC service, it will be extended with a new termination date per your selections above to lock in ECC basic video and internet rates for up to two years. ECC contracts and rates will renew at the prevailing rate unless canceled at least 15 days before ending. Four year contract rates for ECC basic video and internet are locked for two years and then adjusted to the prevailing rate before they are locked again for the next two years. Bundled Packs shown for 1<sup>st</sup> TV with DirecTV®. Bundled Packs require a one, two or four year contract. If no term is selected a two year contract will be entered, or existing contract extended for two years. If one or two year contracts are not selected with non-bundled services, terms will be monthly, and rates will increase with any increase in monthly fees. Early termination fees apply to one, two and four year contracts and free offers; see [www.ECCable.com](http://www.ECCable.com) for more on termination, fees, VOIP, channels and HD. Selection of services on this card establishes service according to ECC and DirecTV® Terms of Service and the service agreement forms which are available on request and at [www.ECCable.com](http://www.ECCable.com). If ECC lowers its rates for a term and service you have, you will automatically get the lower rate on your next billing. *Ellicott City Cable Company is an independent entity and is not part of Waverly Woods Development Corporation or Waverly Gardens, LLC.*
